Description: Sort and stack matching blocks to fill containers in this puzzle sort type game.

Embark on a Relaxing Adventure Around the World with Staxx Journey

Set sail on a hot air balloon and explore six continents filled with iconic landmarks and stunning scenery. Staxx Journey blends soothing gameplay with the thrill of travel and discovery.

Travel across 60 breathtaking locations, each featuring a beautifully designed, scrolling background inspired by real-world landmarks. From lush forests to snow-capped mountains, every destination is a visual treat.

Immerse yourself in the culture of each continent with unique, themed blocks and calming music that reflect the spirit of the region.

Challenge your mind with progressively more complex puzzles as you complete 600 levels. Staxx Journey starts simple but evolves into a satisfying mental challenge.

Learn something new at every stop. After each level, you'll uncover fascinating facts about the location, making your journey both fun and educational.

Track your travels with a fully interactive world map. Each location you visit gets pinned, showing you how far you've come on your global adventure.

Features:

- Each continent has unique blocks and music
- 6 continents, 60 locations, 600 levels
- Undo and Rewarded Extra Container
- Fun Facts for each location
- Interactive Map (iOS) for each location
